

Kidney Research UK sponsored Daphne Jackson Fellowship Opportunity

Applications are invited for a Kidney Research UK-sponsored two-year Daphne Jackson Fellowship to be held at any UK university or research establishment. The Fellowship provides an opportunity for a scientist wishing to return to research that is relevant to kidney health and kidney disease.

Daphne Jackson Fellowships

The Daphne Jackson Trust is dedicated to returning scientists, technologists, engineers and mathematicians to their careers following a break taken for family, caring or health reasons.

Daphne Jackson Fellowships are unique - they offer STEM professionals wishing to return to a research career after a break of two or more years, the opportunity to balance an individually tailored retraining programme with a challenging research project in a suitably supportive environment.

This Fellowship is part-time over two years and consists of a challenging research project and at least 100 hours' retraining per year. The unparalleled support offered by the Trust's Fellowship advisors and administrative staff, coupled with mentoring and retraining provided during the Fellowship, give returners the confidence and skills they need to successfully return to research.

For further details about the Trust and our Fellowship scheme, please visit www.daphnejackson.org
For further information before submitting an application, please contact the Trust office on 01483 689166 or email djmft@surrey.ac.uk

Kidney Research UK

Kidney Research UK was established in 1961 and remains the leading UK charity dedicated to funding research into kidney disease, so that by improving the understanding of kidney disease, its causes, treatment and management through funding research, we are confident we can build on the advances and scientific breakthroughs that have already been made. Kidney Research UK provides a range of funding schemes supporting the development of current and future researchers as well as provision of research grants to established researchers. Where opportunities exist we are keen to foster collaborative partnerships, and already work with several other research funders. For further details about Kidney Research UK please visit: www.kidneyresearchuk.org/

How to apply

To be considered for this opportunity, please complete the CV and personal details information forms that can be found on the Daphne Jackson Trust website: [Submitting your personal statement and CV](#)

Please outline your area of research interest and, if you have identified a department within which you would like to work, include the name and contact details of a potential supervisor in that department.
Email your submission to the Daphne Jackson Trust office at djmft@surrey.ac.uk stating clearly, Kidney Research UK Sponsored Fellowship Application.

Closing date for applications is Monday, 16 July 2018
