

**Daphne Jackson Fellowship Opportunity
The National Physical Laboratory, (NPL)**

Applications are invited for a two-year Daphne Jackson Fellowship that will be hosted and sponsored by NPL. The fellowship is intended for individuals who want to return to research after a career break. As NPL has extensive scientific research areas, NPL are open to applications from individuals from a range of backgrounds.

The National Physical Laboratory (NPL) is the UK's National Measurement Institute, and is a world-leading centre of excellence in developing and applying the most accurate measurement standards, science and technology available.

For more than a century NPL has developed and maintained the nation's primary measurement standards. NPL ensures that cutting-edge measurement science and technology have a positive impact in the real world and deliver world-leading measurement solutions that are critical to commercial research and development, and support business success across the UK and the globe. Its mission is to provide the measurement capability that underpins the UK's prosperity and quality of life.

Daphne Jackson Fellowships

The Daphne Jackson Trust is dedicated to returning scientists, engineers, technologists and mathematicians (STEM) to their careers following a break taken for family, caring or health reasons.

Daphne Jackson Fellowships are unique - they offer STEM professionals wishing to return to a research career after a break of two or more years, the opportunity to balance an individually tailored retraining programme with a challenging research project in a suitably supportive environment.

Fellowships are part-time over two or three years and consist of a challenging research project and at least 100 hours retraining per year. The unparalleled support offered by the Trust's Fellowship Advisors and administrative staff, coupled with mentoring and retraining provided during the Fellowship, give returners the confidence and skills they need to successfully return to research.

For further details about the application process, Trust and fellowship scheme, please visit www.daphnejackson.org. For further information before submitting an application please contact the Daphne Jackson Trust office on 01483 689166 or via email at djmft@surrey.ac.uk.

For further information specifically about the sponsored fellowship opportunities at NPL, please contact Sarah Parsons, HR Business Partner via email at sarah.parsons@npl.co.uk. For more information on NPL, please visit their website at www.npl.co.uk

How to apply

To be considered for this opportunity, please complete the CV and personal details information forms that can be found on the Daphne Jackson Trust website:

[Submitting your personal statement and CV](#)

Please outline your area of research interest and, if you have identified a research group within which you would like to work, include the name and contact details of a potential supervisor in that group.

Email your submission to the Daphne Jackson Trust office at djmft@surrey.ac.uk stating clearly, NPL Sponsored Fellowship Application.

Closing date for applications is 31st October 2017
