

The Nutrition Society Sponsored Daphne Jackson Fellowship Opportunity

Applications are invited for a Nutrition Society sponsored two year Daphne Jackson Fellowship to be held at any UK university or research establishment. The fellowship is intended for individuals who want to return to research in the area of nutrition and its application to the maintenance of human and animal health.

Daphne Jackson Fellowships

The Daphne Jackson Trust is dedicated to returning scientists, engineers, technologists and mathematicians to their careers following a break taken for family, caring or health reasons.

Daphne Jackson Fellowships are unique - they offer STEM professionals wishing to return to a research career after a break of two or more years, the opportunity to balance an individually tailored retraining programme with a challenging research project in a suitably supportive environment.

This Fellowship is part-time over two years and consists of a challenging research project and at least 100 hours retraining per year. The unparalleled support offered by the Trust's Fellowship Advisors and administrative staff, coupled with mentoring and retraining provided during the Fellowship, give returners the confidence and skills they need to successfully return to research.

For further details about the Trust and our fellowship scheme, please visit www.daphnejackson.org. For further information before submitting an application please contact the Trust office on 01483 689166 or via email djmft@surrey.ac.uk.

Nutrition Society

The Nutrition Society, founded in 1941, is a charity and a company limited by guarantee. The Society, with 2,500 members primarily represented in the United Kingdom and Ireland, is one of the largest Societies of its kind in the world, and manages £2.5 million of assets in investments and property. The Society's principal activity is the dissemination of nutritional science through publishing internationally renowned scientific journals; holding of science meetings; publishing textbooks on the science of nutrition; and providing education and training services.

The Society derives most of its income from scientific publishing, with its journals and textbooks widely recognised as major contributors to the understanding of nutrition around the world.

Further information on the Society and its mission and strategic priorities can be found on the website :

www.nutritionociety.org

How to apply

To be considered for this opportunity, please complete the CV and personal details information forms that can be found on the Daphne Jackson Trust website:

[Submitting your personal statement and CV](#)

Please outline your area of research interest and, if you have identified a department within which you would like to work, include the name and contact details of a potential supervisor in that department.

Email your submission to the Daphne Jackson Trust office at djmft@surrey.ac.uk stating clearly, Nutrition Society Sponsored Fellowship Application.

Closing date for applications is Monday 16th October 2017
