

Kidney Research UK funded Daphne Jackson Fellowship Opportunity

Applications are invited for a three year part-time Daphne Jackson Fellowship funded by Kidney Research UK to be held at any UK university or research institute. The Fellowship is intended for researchers wishing to return to research that is relevant to kidney health and kidney disease.

Kidney Research UK

As the leading kidney research charity in the UK, nothing is going to stop us in our urgent mission to end kidney disease. We're here to be heard, to make a difference, to change the future. This is a disease that ruins and destroys lives. It must be stopped.

Over the past 60 years, our research has made an impact. But kidney failure is rising, as are the factors contributing to it, such as diabetes, cardiovascular disease and obesity. We lobby governments and decision makers to change policy and practice to ensure that the estimated 7.2 million people living with kidney disease in the UK have access to the most effective care and treatment, and to make kidney disease a priority.

Only research will end kidney disease, by offering kidney patients and their families hope for the future.

Where opportunities exist we are keen to foster collaborative partnerships, and already work with several other research funders.

For information about Kidney Research UK and our strategy please visit this [link](#). For further details about Kidney Research UK please visit: www.kidneyresearchuk.org/

Daphne Jackson Fellowships

Daphne Jackson Fellowships are unique. They offer the opportunity to return to a career in research after a break of at least two years for family, caring or health reasons.

Our Fellowships enable people to overcome the challenges of returning to a career as a researcher or research technical professional. They ensure that skills, talent, training and career promise are not lost.

For further details about the eligibility criteria and application process, please visit www.daphnejackson.org. For further information before submitting an application please contact the Daphne Jackson Trust on 01483 689166 or via email at djmft@surrey.ac.uk.

How to apply

To be considered for this fellowship opportunity, please complete the CV, personal details and personal statement forms on the Daphne Jackson Trust website: [Apply here](#)

Please outline your area of research interest and please identify the department within which you would like to work, including the name and contact details of a potential supervisor who is willing to support your application.

Email your submission to the Daphne Jackson Trust office at djmft@surrey.ac.uk stating clearly, Kidney Research UK Fellowship Application.

Closing date for applications is Friday 17th January 2025

Following shortlisting by the Daphne Jackson Trust, Kidney Research UK will undertake an internal selection process to identify the preferred candidate.
