

Daphne Jackson Fellowship Opportunity at Teesside University

Applications are invited for a two year part-time (0.5FTE) Daphne Jackson Fellowship at Teesside University. The Fellowship is intended for an individual returning to research in Computational Biology, Statistics (or Biostatistics), Mathematics, Machine Learning, or related subjects.

Teesside University will host and half sponsor this two year Fellowship. The remaining funding will be secured by the Daphne Jackson Trust from an additional sponsor.

Daphne Jackson Fellowships

The Daphne Jackson Trust is dedicated to returning researchers to their careers following a break of two years or more taken for a family, caring or health reason.

Daphne Jackson Fellowships are unique. They offer professionals wishing to return to a research career after a break of two or more years, the opportunity to balance an individually tailored retraining programme with a challenging research project in a suitably supportive environment.

The Fellowships consist of a challenging research project and at least 100 hours retraining per year. The unparalleled support offered by the Trust's Fellowship Advisors and administrative staff, coupled with mentoring and retraining provided during the Fellowship, give returners the confidence and skills they need to successfully return to research. For further details about the Trust and our fellowship scheme, please visit www.daphnejackson.org.
