

Daphne Jackson Fellowship Opportunity at John Innes Centre

Applications are invited for a Daphne Jackson Fellowship that will be hosted by the John Innes Centre at the Norwich Research Park. The scientific research at the Centre makes use of a wide range of disciplines in the biological and chemical sciences, including cell biology, computational and mathematical biology, biochemistry, chemistry, genetics and molecular biology. As an internationally renowned centre of excellence for research in plant and microbial science, the John Innes Centre encourages flexible working to aid career development and holds a Gold Athena SWAN award in recognition of its commitment to equal opportunities.

The John Innes Centre will host and half sponsor this two year Fellowship. The remaining funding will be secured by the Daphne Jackson Trust from an additional sponsor.

Daphne Jackson Fellowships

The Daphne Jackson Trust is dedicated to returning researchers to their careers following a break of two years or more taken for a family, caring or health reason.

Daphne Jackson Fellowships are unique. They offer professionals wishing to return to a research career after a break of two or more years, the opportunity to balance an individually tailored retraining programme with a challenging research project in a suitably supportive environment.

This Fellowship is part-time over two years and consists of a challenging research project and at least 100 hours retraining per year. The unparalleled support offered by the Trust's Fellowship Advisors and administrative staff, coupled with mentoring and retraining provided during the Fellowship, give returners the confidence and skills they need to successfully return to research.

For further details about the Trust and Fellowship scheme, please visit www.daphnejackson.org.

For further information before submitting an application please contact the Daphne Jackson Trust via email at djmft@surrey.ac.uk.
