

Kidney Research UK sponsored Daphne Jackson Fellowship Opportunity

Applications are invited for a Kidney Research UK sponsored two-year Daphne Jackson Fellowship to be held at any UK university or research establishment. The Fellowship provides an opportunity for a scientist wishing to return to research that is relevant to kidney health and kidney disease.

Kidney Research UK

As the leading kidney research charity in the UK, nothing is going to stop us in our urgent mission to end kidney disease. We're here to be heard, to make a difference, to change the future. This is a disease that ruins and destroys lives. It must be stopped.

Over the past 60 years, our research has made an impact. But kidney failure is rising, as are the factors contributing to it, such as diabetes and obesity.

Today, we are more essential than ever.

There are around 3.5 million people living with kidney disease in the UK, treatments can be gruelling and currently there is no cure. Only research will end this and nobody can do it but us, by offering kidney patients and their families hope for the future.

Where opportunities exist we are keen to foster collaborative partnerships, and already work with several other research funders.

For information about Kidney Research UK and our strategy please visit this [link](#). For further details about Kidney Research UK please visit: www.kidneyresearchuk.org/

Daphne Jackson Fellowships

The Daphne Jackson Trust is dedicated to returning researchers following a career break for a family, caring or health reason.

Daphne Jackson Fellowships are unique - they offer professionals wishing to return to a research career after a break of two or more years, the opportunity to balance an individually tailored retraining programme with a challenging research project in a suitably supportive environment. The unparalleled support offered by the Trust's Fellowship Advisors and administrative staff, coupled with mentoring and retraining provided during the Fellowship, give returners the confidence and skills they need to successfully return to research.

For further details about the eligibility criteria and application process, please visit www.daphnejackson.org.

For further information before submitting an application please contact the please contact the Daphne Jackson Trust via email at djmft@surrey.ac.uk.

How to apply

To be considered for this opportunity, please complete the CV, personal details and personal statement forms on the Daphne Jackson Trust website: [Apply here](#)

Please outline your area of research interest and, if you have identified a department within which you would like to work, include the name and contact details of a potential supervisor in that department.

Email your submission to the Daphne Jackson Trust office at djmft@surrey.ac.uk stating clearly, Kidney Research UK Sponsored Fellowship Application.

Closing date for applications is Monday 6th March 2023

Following shortlisting by the Daphne Jackson Trust, Kidney Research UK will undertake an internal selection process to identify the preferred candidate.
